

Classy Ainsworth, great for entertaining

By Associated Designs

Multiple roof lines, classical columns and raised masonry detailing give strong curb appeal to the Ainsworth. This spacious contemporary plan boasts 2,900 square feet of living area plus a skylit bonus room over the garage.

People who like to entertain will surely appreciate this home. The combination living room and dining room is bright and open, with natural light spilling in through four large windows. Arches provide access from both the entry and the huge, vaulted family room.

Windows fill most of the rear wall. A fireplace flanked by bookshelves and an entertainment center anchors the far

end of the family room, while the kitchen is at the opposite end. Two of the four rear windows open onto a partially covered patio, studded with skylights.

A bayed nook expands the comfortably large kitchen, which is open to the family room. Storage space, counter space, desk, built-ins – this kitchen has it all. Five levels of shelving wrap around two sides of a huge walk-in pantry and you will find more storage in the large utility room that connects to the garage.

The plush owners' suite has a vaulted ceiling, oversized shower, twin lavs, a walk-in closet and a luxurious soaking tub. Glass blocks soften and diffuse the natural light.

Another room in the Ainsworth faces the street. This could be outfitted as a home office, den, or guest room. Two large bedrooms are upstairs, along with a bathroom, a storage closet, and a large bonus room that could be left unfinished until needed. One of the bedrooms has a walk-in closet.
